EDUCATION

Mae Fah Luang University | Chiang Rai, Thailand GPA : 3.87/4.00
Bachelor of Software Engineering | 2023 – Present

Technical Skills: Figma | Wireframing | Prototyping | UX Research | Design Systems | User Flows | Interviews | Personas | User Journey Mapping | HTML | CSS | Basic React | Git | GitHub

EXPERIENCE

UX/UI Design Intern| ET.Verdict | September 2026 – Present
- Work on the design system and fix problems in existing designs
- Brainstorm design ideas and new features, and present work and give feedback in twice-weekly team meetings

Teaching Assistant | Computer Programming Course
Mae Fah Luang University | August 2024 – December 2024
- Assisted students with programming concepts, debugging, and lab assignments.
- Strengthened communication, mentoring, and problem-solving skills by supporting students and collaborating with instructors.

PROJECTS

Paw Match App | Figma | UX Research | Mobile Design
- Designed an all-in-one mobile app for pet management, a trusted pet-owner community, and nearby clinic and shop discovery
- Addresses scattered pet-care tools and the lack of a trusted way to connect; designed to create partnership opportunities with pet businesses

Lumen Book App | Figma | UX Research | Mobile Design
- Designed a reading platform with e-books, audiobooks with synced subtitles, and community discussions
- Addresses fragmented reading, audio, and community apps; designed to support a freemium model through Premium features

HR-Tech Sign-Up & Onboarding Redesign | Figma | UX Research | UX Audit | Web Design (design challenge)
- Audited a platform's sign-up flow, separated the invited-employee and new-company paths, and redesigned the forms with clearer questions and inline validation
- Designed to reduce sign-up drop-off by removing questions that don't apply and showing errors as users type

Outpatient Monitoring System | Figma | Healthcare Dashboard
- Designed a dashboard to record patient information, track vital signs, and visualize health trends with line graphs, to reduce manual record-keeping
